# NIA WATER™

## WATER WITH A PURPOSE

Introducing Nia Water Fresh Mountain Spring Water, bottled in Forest Grove, Oregon.

“Nia” comes from the fifth principal of Kwanzaa meaning “purpose.” Kwanzaa is known as the African American cultural holiday which links African traditions with American traditions. The label represents cultural patterns of African mud cloth material.

We maintain customer satisfaction with our customized products and service:

- **5 gallon bottles with bottle dispenser (hot and cold)**
- **Beverage catering for small to large events**
- **Beverage stations for outdoor special events**
- **Individual cases of .5 liter single serve bottled water**
- **Professional packaging**
- **Prompt delivery service, attention and maintenance**
- **Cost-effective**

**William Kendrix** is Chief Operating Officer (COO)/Owner of Nia Water Sales and Service, a company of Kendrix Enterprises, Inc.

## WHAT OUR CUSTOMERS ARE SAYING

*“Nia Water Sales and Service is a match for our catering business. I like their display. Nia Water Sales and Service is a company you can always call, no matter the size of the job. This is a company I recommend.”*

J. McKee, Pots, Pans and Skillets Catering

*“Thanks again for participating in this year’s World Beat Festival. After seven years with an International beverage provider, we are very happy that your company was able to step in and provide us with the necessary amount of product that helped us to record water sales for our event. We are very pleased with your participation.”*

S. Hayes, Salem Multicultural Institute

*“Delivery is great – the staff is always courteous and friendly, plus they are always concerned about how much water we need so that we never run out. One thing we like is the fact that when they deliver the water they always make sure the “Unit” is clean and maintained.”*

L. Dean, Multnomah County Oregon
